

2017 ACS AUCTION BIRDS ENTERED INTO THE RACE

Thank you to ALL supporters of the 2017 Race. Out of 329 auction birds, 107 birds made it to the race. It was a tough race and it turns out that the K factor was high that day and may be the reason for low 1st day returns.

There is also the Appalachian mountain range that they had to cross as well.

Next year, please consider sending in your tough weather birds for the challenge.

Thanks again for your support and we will be making changes to the race next year.
